

Project Management

[Generate PDF](#)

Driving the success of your program

Our project management team has extensive experience in multiple technical fields, enabling them to drive your project planning and timeline development at every stage.

Our areas of expertise include:

- Process technology transfer
- Process development
- Process validation
- Clinical & commercial supply

Dedicated to Exceeding Your Expectations

Our Commitment to You:

- Execute each project with the highest quality and integrity standards
- Provide exceptional customer service
- Maintain open, honest communications that facilitates a partnership lasting well beyond the project timeline

Our team has an excellent success rate and demonstrated on time release for clinical and commercial batches and develops a timeline to meet your program requirements, providing you with peace of mind in your choice of a CDMO partner.

A passion for customer service

We pride ourselves on setting the standard for customer service. As an Avid client, you will be assigned a dedicated project team that tailors the project strategy and timeline to your specific requirements. Open and honest communication, seamless technology transfer, and easy access to your project management team are just a few of the things you can expect when you partner with us.
